

MILLE WALK-IN SHOWER ENCLOSURE, BLACK 120 X 200

[COLLECTION MILLE, MILLE SHOWER](#)

PRODUCT CODE:

S161-004

Product description

MILLE is a collection of increasingly popular walk-in enclosures. We offer 2 enclosure sizes - 100 and 120 - and two colour options: chrome and black. An undisputed advantage of the product is its height – as much as 200 cm - and the thickness of the tempered glass - 8 mm. In addition, the enclosure is guarded with the protective CleanPro coating, preventing the buildup of limescale and soil on the glass pane surface. ASSEMBLY INSTRUCTIONS: 1) In the case of installing a free-standing walk-in cabin (glass on 3 sides), you need to buy a WALK-IN CABIN CORNER PROFILE (S900-2812 or S900-2811), which is not included in the set. 2) The wall of the shower enclosure is designed to be mounted on a MILLE walk-in glass. Cannot be mounted directly to the wall.
