

## CERSANIA II WC COMPACT 700 SIMPLEON 010 WITH DUROPLAST SLIM WRAP TOILET SEAT

[COLLECTION CERSANIA](#)

PRODUCT CODE:

K11-2342

### Product description

The WC compacts from the Cersania collection are more than just sanitary ceramics. They were designed with an innovative profiling of ceramics - SimpleOn. This system is a solution that eliminates hard to reach places inside the WC compact, thus facilitating its cleaning. SimpleOn consists in reducing the collar and leaving it only at the back of the bowl. Characteristic for this solution is the shape of the ceramic "tongue" from which water flows out. What's more, the outflowing water flows from both sides in opposite directions and only meets at the front of the bowl. Thanks to this, the whole interior is thoroughly washed and cleaned. This allows you to increase hygiene in the bathroom by more accurate than in the case of flange toilets, liquidation of limescale, bacteria, deposits and all impurities inside the toilet. The compact flushing system 3/6 L is used. The product presented is in a version with horizontal drain, adapted for water supply from the side of the cistern. The price applies to the entire set, i.e. the compact bowl together with the cistern, valves and assembly set. The set includes an exclusive soft closing duroplast and SLIM WRAP toilet seat, equipped with one button easy off system.

### Technical data

Colour	White
Depth	77 cm
Easy-off	Yes
Flushing	6l, 3
Gross weight	32,5 kg
Height	67,5 cm
Hole for fittings	No
Material	Duroplast
Mounting kit	Yes
Net weight	27,3 kg
Shape	Oval
Type of collar	Simpleon
Type of hinges	Soft-close
Warranty	10 - ceramic + 2 - toilet seat

Water inlet	On the side of the tank
Water outflow	Horizontal
Width	36 cm
EAN code	CCKZ1014876402
Product index	CCKZ1014876402
