

CREA 162X72 BATHTUB FREESTANDING RECTANGULAR

[COLLECTION CREA, CREA BATHTUBS](#)

PRODUCT CODE:

S301-299

Product description

Geometric lines and ideal proportions of the CREA freestanding bathtub are our answer to the needs of those who prefer simple, elegant bathtubs. The freestanding nature of CREA bathtub allows for complete freedom in choosing the place for the bathtub in a modern bathroom vision. Its interior offers a comfortable bathing space and a convenient, ergonomic position. Thanks to the centrally located water drain, you get a place to sit on both sides of the interior. The bathtub is made of the highest quality acrylic. This safe material silences the water well. In addition, the surface of the bathtub is pleasant and warm to the touch, and the bath temperature remains comfortable longer. In addition to a solid structure, the freestanding acrylic bathtub is distinguished by its weight, much lower than conglomerate products. The set includes a chrome click-clack siphon and a frame with adjustable legs. Separately, we offer siphons with a click-clack plug in special colours: black matt and gold.
