Product description

The wall hung cabinet MODUO 40 is designed for small bathroom accessories. The depth is adapted to the mirror cabinets and the open module from this collection. Thanks to this, you can create elegant buildings that create a uniform surface above the washbasin or toilet zone of the bathroom. The cabinet can be combined horizontally or vertically. It is made of lacquered furniture board, anthracite with a matte finish. The cabinet doors are universal and have comfortable milled handles. They are equipped with a soft closing system. Inside the cabinet there are 3 shelves: one furniture shelf (fixed) and two glass shelves made of tempered glass. The furniture is sold assembled.
