

SET C136: SHOWER ENCLOSURE RECTANGULAR LARGA 100X80X195 LEFT CHROME TRANSPARENT GLASS + TRAY TAKO WHITE 4 CM

COLLECTION [LARGA](#), [LARGA SHOWER](#)

PRODUCT CODE:

S601-337

Product description

A complete set consisting of a shower enclosure and a shower tray. Shower enclosure LARGA has been crafted from durable 6 mm thick tempered glass, ensuring structural stability and safety of using. The glass is equipped with a protective hydrophobic coating CleanPro, effectively preventing the buildup of limescale and impurities. The metal hinge flush with the glass pane on the inside of the shower enclosure has the function of lifting the door, thanks to which the life of the gaskets is extended. The innovative hinge mechanism allows the door to stop when it opens at an angle of 90°, providing protection against accidental impact. Double-sided handles made of height-quality metal have a knurled finish, combining style with functionality and durability. The shower enclosure is equipped with a functional wall side profile that adjusts to wall unevenness up to 15 mm. Chrome details with a subtly shiny finish emphasize the modernity and minimalist form of the enclosure. Magnetic gaskets increase the convenience of use. The height quality of the product is confirmed by a long-term warranty. Rectangular corner shower enclosure, 195 cm height, with an 100 cm wide door and a 90 cm wide side wall, left version, with transparent glass. TAKO shower tray, white. It is made of the highest quality acrylic. It has double reinforcement made of resin and fiberglass, which guarantees the stability and exceptional durability of the product. The height of the shower tray is 4 cm. The shower tray siphon is available in the Cersanit offer as a separate element that must be purchased separately.

Technical data

Availability of spare parts (years)	yes (at least 3 years from the end of production)
Cleanpro coating	yes
Depth	80 cm
Double reinforced (resin + fiberglass)	yes
Glass colour	transparent
Gross weight	67,6 kg
Handle	metal
Height	195 cm
Lifting door	yes
Location of the outflow	central at the shorter side

Magnetic seals	yes
Material	glass, acrylic
Mounting kit	yes
Net weight	60,4 kg
Profile colour	chrome
Regulation of the wall profile	yes
