

## SET C181: SHOWER ENCLOSURE RECTANGULAR ARTECO SLIDING 120X90X190 CHROME TRANSPARENT GLASS + TRAY TAKO WHITE 4 CM

[COLLECTION ARTECO, ARTECO SHOWER](#)

PRODUCT CODE:

S601-356

### Product description

A complete set consisting of a shower enclosure and a shower tray. ARTECO shower enclosure has been crafted from durable 5 mm thick tempered glass, ensuring structural stability and safety of using. The glass is equipped with a protective hydrophobic coating CleanPro, effectively preventing the buildup of limescale and impurities. The shower enclosure uses a sliding door system with double chrome rollers at the top and bottom, which ensures smooth opening and closing of the doors. The quick release function of the lower rollers allows you to easily remove the door. The shower enclosure is equipped with a functional wall side profile that adjusts to wall unevenness up to 15 mm. Double-sided handles made of height-quality metal combine durability and functionality. The height quality of the product is confirmed by a long-term warranty. Rectangular corner shower enclosure, 190 cm height, with an 120 cm wide door and a 90 cm wide side wall, with transparent glass. The enclosure door can be installed left or right. TAKO shower tray, white. It is made of the highest quality acrylic. It has double reinforcement made of resin and fiberglass, which guarantees the stability and exceptional durability of the product. The height of the shower tray is 4 cm. The shower tray siphon is available in the Cersanit offer as a separate element that must be purchased separately.

### Technical data

Availability of spare parts (years)	yes (at least 3 years from the end of production)
